PRODUCT DESCRIPTION

The Preferred Pack PP701 A Carton Sealer is designed for demanding work environments. The PP701 A is a semi automatic random carton sealer with side drive belts . In operation, the PP701 A will close cartons up to 20 inches high and 13.5 inches wide while applying a single 2 inch tape strip to the top and bottom of the carton simultaneously. The PP701 A will automatically adjust to different carton sizes. The operator simply folds the top flaps of the corrugated carton and feeds it into the machine. The two belt drive design of the PP701 A makes for a heavy duty yet versatile machine designed for dependable performance and easy operation. This model is also available in Stainless Steel.
